GUEPARDO IS THE TAX SOLUTION OF CACAU SHOW

Founded in 1988, the fine chocolate maker Cacau Show is today one of the largest franchising companies in Brazil, with over 1,500 outlets throughout the country.

Given its remarkable growth, the company has identified the need to invest in a tax solution that is reliable and consistent with its ongoing evolution.

After a market analysis, Cacau Show opted for the GUEPARDO. The choice for FH's tax solution was made by covering Cacau needs and being developed within the SAP platform, integrating the ERP system and tax management.

"We were looking for a cost-effective solution that is fully integrated with our ERP, meaning it would not replicate data in parallel applications, eliminating data rework and inconsistency, thus improving processing speed to efficiently meet municipal, state and federal tax requirements," says Jorge Devitte, IT Manager at Cacau Show.

CHALLENGES

A exigência da Cacau Show era implementar um sistema que automatizasse e controlasse as rotinas fiscais com agilidade e assertividade.

SUCCESS CASE

A expectativa da Cacau Show era encontrar uma solução que integrasse o sistema ERP e a gestão fiscal. "Optamos pelo GUEPARDO, uma solução homologada e indicada pela SAP, que cumpriu todos os requisitos", r Com essa parceria estabelecida, a FH dá o suporte necessário à demanda de crescimento da Cacau Show.
