GUEPARDO IS GETNET'S FISCAL SOLUTION

Since 2003 in the Brazilian market, the GetNet Network has been offering payment solutions and electronic transaction authorizations.

A pioneer in the Network & Service Provider (N&SP) concept, GetNet offers a means of payment and electronic transaction authorization solution. To keep up with its wide area of services, GetNet needed a tax solution that optimized the time of calculation. The chosen one was GUEPARDO. “We chose GUEPARDO because it runs within the Netweaver platform, eliminating the risks of working with outdated data and speeding our process. One of the features that is

significantly contributing to GetNet, by the schedule and monitor of tax obligations, is that with it we keep control over who is responsible for the obligations of the various companies and subsidiaries, not missing the deadlines,”says Dânea. , Tax Coordinator of Getnet

CHALLENGES

Generate process speed and deliveries.

SUCCESS CASE

The implementation of GUEPARDO Tax Solution in GetNet can be considered a successful case because it met the needs and expectations of the company reducing possible risks and failures in tax deliveries, as well as running within the Netweaver platform, which generates more speed to processes and deliveries. .

OPERATIONAL BENEFITS

- # Speed and agility in the determination;
- # Delivery of obligations on time;
- # Eliminate risks of working with outdated data;
- # Schedule and monitor tax obligations that maintain control over the tax liability.
